No. 195—REV. 5, DATED BANGALORE, 10TH APRIL 1875.

ORDER.—The question of the transfer of certain lands within the limits of the Bangalore Cantonment Municipality formed the subject of the *marginally noted correspondence, and has for some time past engaged the attention of the Chief Commissioner. He now directs that the accompanying copy of a list shewing the several descriptions of lands within the Cantonment Municipal limits as classified and assessed by the Survey Department be forwarded to the President of the Board for his information and guidance with the following remarks.

*No. 5857—163, R, dated 1st Feb. 1873, to Govt. of India, Foreign Department.
No. 49, R, dated 19th March 1873, from do.
No. 58, dated 10th April 1873, from do.
No. 453—16, dated 20th April 1874, to do.
No. 133, R, dated 30th June 1874, from do.

2. Such of the lands mentioned in the list as fall under the category of *unclaimed and †Nazul lands cannot be assigned to the Municipality under the Resolution of the Government of India, dated 22nd March 1873, No. 58, R.

* Nos. 5 and 6.
† No. 4.

The President should not hereafter sell or otherwise appropriate them for use without the special sanction of the Chief Commissioner. Similarly, lands occupied by the Military authorities (No. 7, 8 and 9) should not be interfered with by the Municipality. The Municipality may, however, if suitable terms can be agreed upon, be allowed the disposal of, and the revenue arising from, such portions of the other descriptions of lands (No. 1, 2 and 3) within Municipal limits as have not been already appropriated for authorized local purposes, on the understanding that this grant is merely temporary and terminable at any time by the orders of the Chief Commissioner.

The revenue derived by Government which it is proposed thus to make over to the Municipality amounts to Rs. 11,398; and before passing final orders the Chief Commissioner resolves to call upon the President of the Cantonment Municipal Board to report at an early date, what additional contributions the Municipality is prepared to pay towards Educational, Police and Medical charges in return for the proposed grant.

ridings of the Dewan to His High-
ness the Maharaja of Mysore",
(General), — dated 26th May 1883,
No. 919-22 — 67, Dated 26th May
1883.

Order. — Pending the introduction
of the scheme for the development
of Local Self-Government, which
is now under the consideration of
His Highness the Maharaja's Govern-
ment, it is resolved to relieve
the Municipality of the Bangalore
Town of the Cost of the Town
Police Force. The constitution
of the Municipal Board has to
be improved, so as to increase
its responsibility and its real
usefulness. This has to be ef-
fected by means of a new law
and will therefore occupy s
some time.

2. In the meantime matters
have to be passed upon the
budget for the current year; and
advantage

a Bye-law may be taken of this opportunity to relieve the Municipality of the cost of the Town Police over which the Board can exercise no control whatever, and to transfer to the management and control of the Board suitable items of expenditure which are at present met from Provincial revenues. The Government are of opinion that the administration of local medical and other charities and of local Educational Institutions teaching up to a certain standard, may properly be handed over to the Board, as the local experience and interest which must be relied to bring to bear upon their management must be of great value in the efficient [illegible]

The Government [illegible] of the Town [illegible]

26 5/8 per annum. In order to meet this case, the Board now receives the revenues from Mohatarfa taxes and liquor licenses. While therefore the Board will continue to have these sources of income which are in every way fit to be administered by local bodies, it will cease to bear the cost of the Police, but instead thereof, will take over the following items of its expenditure;—

I Medical Charity — Annual Cost
1 Town Civil Dispensary — 3,639
2 The Maternity — 1,488
— 5,127

II Other Local Charities —
1 Orphanages — 1,000
2 Govt. Chattram — 764
3 Langarkhana — 1,800
— 3,564

III Educational Grants-in-aid — 9,120

Total Rs — 17,811

4. The items of expenditure thus transferred to the Board are less than

than the cost of the Police by Rs. 8,767/3
and items of receipts nearly equal
of this amount may therefore
be taken away from it. It is
accordingly directed that the
following cash contributions from
Provincial revenues shall cease
namely —

Rs. 3,500 from P.W. on account
of the maintenance of
suburban roads within
municipal limits; and —

Rs 5,000 from Land Revenue
on account of cultivated
lands within the same limits —

There are sources of income
which the Board cannot administer
and are therefore properly taken
away from it

5 Hereafter when the Constitu-
tion of the Board is more
and when it has acquired some
experience in the management

Institutions such as those now made over to it, other items of Provincial income and expenditure can be transferred to its administrations.

6. For the purpose of Control over the Medical and Educational Institutions which the Board will hereafter maintain or to which it will contribute grants-in-aid, the services of the specially trained officers at the disposal of the Government will be made available to the Board, which, while it shall have sole and unfettered charge of the Institutions now made over to its management, will be bound to maintain them at the standards of efficiency prescribed by Government, with such modifications

of the Government Officers is already referred to.

7. It is proposed to abolish the Primary and Middle School classes of the Central College. It is impossible that such classes can receive the requisite amount of attention from the Head of an Institution which teaches up to the highest collegiate standard. The want therefore of a school under efficient management and giving instruction up to the Middle School standard, appears to be much felt in the Division. Should such a school be established in the Township, and the Managers of it be willing to admit scholars from Government Schools on payment of fees, and be under control of the Municipal

place the school under the management of the Board. The Board may therefore not only give a grant in aid of Rs: 100 per mensem to the school but also take it under its own management as a Municipal School and accommodate it in the premises now occupied by the Municipal Office which may for the purpose be removed to the District Office buildings. If the managers of the school are not agreeable to this arrangement it is desirable that a separate Municipal school should be established as soon as possible in the manner above indicated. Such a

School,

school must, to a very great
be self-supporting, and it should
for the present confine itself to
teaching up to the Middle School
standard.

8. A sum of Rs. 12,415 being Kanda-
yam of lands within Municipal
limits for the years 1876-77 up to
1882-83, must, in accordance with
the understanding on which the
levy of revenue was transferred
to the Board, be set apart as a
reserve fund for charitable
purposes.

9. The attention of the Municipal
President will be drawn to
the fact that the present [illegible]
Division to [illegible] for efficient
Management
and the [illegible]
transferred from [illegible]
[illegible]

Station may therefore be formed into a new Division to be called the sixth, and Mr. Sidney Smith, Advocate, and Mrs. D. J. Bhabha, Vice Principal of the Central College, appointed Commissioners of this Division. Upon receipt of the Board's views upon these proposals, the necessary orders will at once be passed.

Letters from the President, Bangalore Town Municipal Commission, No. 663 of 22nd February 1884, submitting the Budget Estimates of the Town Municipality for the year 1884-85.

Also letter from the President, Bangalore Town Municipal Commission, noted in the margin, regarding the Land Revenue and Public Works Department contributions and the proposed introduction of wheel-tax, &c., to the Town Municipality and the appointment of a Municipal Executive Engineer for it.

No. 540-42—36, DATED 23RD APRIL 1884.

ORDER THEREON.—*Receipts.*—The total estimated income of the Bangalore Town Municipality for the year 1884-85 is Rs. 91,976. There is reason to believe that this is rather an over estimate, for under "III—Tax on Professions and Trades," an increase of over Rs. 10,000, as compared with the actuals of 1882-83, is entered. The revision of the mohatarfa has long been the source of bitter complaint from all the inhabitants of Bangalore. Instructions have had to be issued for its revision and it is understood that such revision has not yet been completed. With its completion the revenue from this source may probably not amount to more than Rs. 20,000 or 22,000; and the provision of Rs. 3,000 under "Reserve" is not likely to be sufficient to meet this deficit.

2. It is proposed to levy a tax on carriages, horses, &c., and the estimated income therefrom is Rs. 2,000. The Government are of opinion that the imposition of a tax of this kind for the purpose of securing so small a revenue is at present undesirable.

3. In Proceedings No. 919-22—67, dated 27th May 1883, it was ordered that Rs. 3,500 on account of the maintenance of suburban roads, and Rs. 5.000, the land revenue realized within municipal limits, should both be withheld from the Municipality. The order was passed upon the ground that the Board had been relieved of the cost of the Police amounting to Rs. 26,578, and that the expenditure transferred to it in lieu thereof was only Rs. 17,811. It now appears that on account of the expenditure transferred to the Municipality by the said order a provision of Rs. 22,500 has had to be made by the Municipality. To this has to be added a sum of Rs. 2,400 on account of a grant-in-aid which the Municipality propose to give to a hospital to be established by the Catholic Mission. Under such circumstances, the total expenditure on account of the new Departments transferred to the Board would amount to nearly Rs. 25,000, being only Rs. 1,500 below the cost of the Police, of which it was relieved in May last. Having regard to these considerations, as well as to the present limited municipal income, the Government decide to continue to the Municipality the two items of receipts, *viz.*, (1) land revenue within municipal limits and (2) contribution for suburban roads.

4. The estimate of receipts will thus be reduced to Rs. 87,976. But owing to the revision of the mohatarfa tax, now in progress, the actual realizations are likely to be considerably below this amount.

5. *Expenditure.*—The budget provides for an estimated expenditure of Rs. 93,844 against an estimated income of Rs. 91,976. It is undesirable that, in an ordinary year, the Municipality should spend anything more than its income, which, in the current year, as already stated, must be considerably under Rs. 87,900. The proposed expenditure must accordingly be revised and reduced under all heads to what is absolutely required.

6. It will thus be seen that the present financial condition of the Municipality does not admit of additions to the existing establishments, but rather indicates the

necessity for reduction in that direction. The provision made in the budget for crease of pay to existing establishments as well as for additional establishment as follows:—

Increase to Manager's pay	Rs. 15
Do Executive Engineer's pay	10
Do to 2 Overseers at Rs 5 each	10
Do to Accountant and Head Clerk	5
A new Accountant	10
A new Daffadar	7
A new Clerk	10
A new Lighting Overseer	15
A new Watchman at Municipal Burial-ground	5
Total	Rs. 87 per mensem or Rs. 1,044 per annum.

7. These increases and new appointments do not appear to be urgently called for. The so called Assessor, Collector and Manager is not, by law, authorized to assess, and his designation should be altered to that of Collector and *Ex-Officio* Manager. The individual now holding this appointment received his promotion 2 years ago and the present condition of the finances of the Municipality does not allow of any of its officers receiving periodical increments, though continuing in the same appointment.

8. Mr. Steele, the Engineer, does not possess the professional qualifications which alone can justify his appointment to the office he now holds. The Government therefore must decline to appoint him as Executive Engineer under the Regulation. The majority of the Board also concur in the undesirability of this appointment, and, after due consideration of the points urged by the President, the Government have come to the conclusion that it is not proper to appoint as an Executive Engineer a man ignorant of surveying and drawing. Mr S. Lee has been appointed by Government as Sanitary Engineer, and his services have been placed at the disposal of the Board, to be utilized by it as its Engineer. The appointment of an Overseer in addition, on about half the salary now recommended for Mr. Steele, is all that appears to be necessary. If the President will direct Mr Steele to report himself to the D. P. W. Secretary, his professional qualifications will be enquired into, and arrangements made for his appointment elsewhere. His pay after 1st June 1884 ought not to come from the Municipality as an Executive Engineer. The President will be requested to confer with the D. P. W. and report, with the opinion of the Board, about the most feasible arrangement for the appointment of an Executive Engineer for the Municipality.

9. Before the budget can be finally passed, the Board will be asked to again consider the details of expenditure under every head, and, with reference to the preceding remarks and the general financial condition of the Municipality to report definitely what reductions are possible in order to make income and expenditure balance each other. The ordinary work of conservancy, sanitation and maintenance of roads and drains will, in the meantime proceed in the manner provided for in the budget now returned for revision.

OFFICE NOTE.

SUBJECT.

No Municipality should be allowed to let out lands for cultivation. — The Revenue of agricultural land invariably belongs to Government, and when Revenue-paying land is made over to a Municipality, the assessment is written off and the reason for this is the Sanitary one, that cultivation is unhealthy in largely peopled localities. It is the duty of a Municipality to restrict cultivation in the interests of public health and not to allow fresh cultivation for the improvement of the Municipal Revenue. They would thereby be frustrating the object with which they were — constituted

To the 2nd Council

The reference called for is regarded, not to ascertain in this Office 16/9/95 —

The limits of the Municipality are I believe co terminus with what is generally called by the Survey Dept as "Doroo Jagir or Sar Thana." Should there exist no objection to grant the whole of the revenue realised within these limits to the Municipality I would not, in this view, object to grant away the Land Revenue derivable from letting out the dehli lands for cultivation provided it is claimed as Khasab on account of its being village site.

I submit that this is a matter for reconsideration.

I do not think the Municipality is entitled to the assessment in question. After the disposal of this matter in the Revenue debate the Dy Comrs report will be transferred to the Municl debit for the decision of the question whether on sanitary grounds the ditch should be kept alone or should be brought under cultivation.

The appointment would not be an item of income. The Bangalore municipality asked for it but was refused. The management of Lalbagh cannot be brought under cultivation, it becomes a land liable to pay an assessment which is an item of revenue which a municipality is not entitled. If all are to be treated alike this item of the Lalbagh Municipality will have to be the same as regards all other municipalities. This does not seem reasonable.

The collection of this cannot be based upon sanitary grounds. If inconvenient treatment is feared it could be provided in the order & permit that income derived from land revenue will be credited to the Municipality as a special case. But in the case of Lalbagh there can be no permanent cultivation for land revenue purposes - available land is, as I understand, in such small quantities only as a means of preventing the growth of jungle & the collection of manure heaps etc on such land is of no importance

OFFICE NOTE.

Question as to whether the assessment of Fort ditch included in the limits of Takrefa Municipality in the Kasur Tehsil, which has been given out for cultivation as the same could not be utilized for building purposes, may be credited to Municipal Funds or whether the land should be resumed to Govt.

LAST REFERENCE.

Letter No. 86 ____ dated 20th July 1895

from the Dy Comr, Kasur Tehsil

soliciting instructions as to whether the assessment in question may be credited to the Municipality.

The above reference having been submitted to the 2d Councillor for orders, he was pleased to state that the assessment derivable from the land in question might be ordered to be credited to the Municipality provided the land was had been classed as 'Kharab' on account of its being village site.

2 As the item of Land revenue always belongs to Govt and as this item will have to be transferred to all other Municipalities of the same were to be made over to the Takrefatun Municipality

the reference was again submitted to the Councillor for reconsideration and orders.

3 The Councillor being of the same opinion as that expressed in his previous order, the papers were submitted to the Diwan who was pleased to order that the assessment in question should be cancelled to that unassessed as the land which was given out for cultivation and was not used for houses or back yards. On some further reference, the Diwan ordered that the marginally noted information be obtained from Districts. The letters received from the Courts in the reference made on the subject were to the following effect.

(1) As regards ~~the marginally noted~~ cases Nos 1, all the four Courts stated that the assessment on vacant building sites in Municipalities was credited to Municipal funds.

(2) The remaining four [illegible] general Municipal [illegible] except Nagara Mandya & Malavalli were stated to be credited to Municipal funds. The Seventh Court Tumkur did not give a direct answer on the point.

(3) The Seventh Court Tumkur stated that the cost which [illegible] was borne

1 To what head realizations in all Municipalities on account of assessment on vacant building sites are credited whether to the Municipal or provincial revenues.

2 Where Kharab land within Municipal limits is let out for grazing how is the income credited, whether to the Municipality or Govt.

3 [illegible] which in question was ever sold for Kulbarne, and if so, to what [illegible] money was credited

had never been sold for Bulbanna.

4 On submission of the above references together with a Memo dt 4/5/96, the Counsellor still held to his former opinion and — submitted the question for the consideration of the Dewan. please see former Memo herewith put up.

5 The Dewan, thereupon, directed that the matter be placed before the Council for decision with a Memo showing the rule about Land-revenue in Mysore and Bangalore and elsewhere on — agricultural lands within Municipal and stating whether such land revenue has been assigned on conditions or has been alienated &c. The following is a brief note with reference to the — Dewan's queries. —

I No Municipality in the province except Bangalore enjoys land revenue on agricultural lands within its limits

II The application on behalf of the Mysore Municipality for the transfer of land revenue on agricultural lands was refused. please see Govt pro. No $\frac{1480-1}{L.133}$ dt 7/5/91. A spare copy is herewith put up. Marked D & to Ref.

III Complete references relating to

the transfer of Land revenue to the Bangalore Municipality are not available in the records and the old references are stated to have been transferred to the Resident's Office on 17/3/82 after the Rendition. please see note of the Gl. Record department on requisition of 19/3/97 (herewith put up) The available references which are herewith submitted show as follows.-

I Govt pro. No 195/R5 of 10/4/75 (spare Copy put up) shows that the president of the Bangalore Cantonment Municipal Board was asked to state what additional Contributions the Municipality would pay towards Educational, police and Medical charges in return for the proposed grant of land revenue amounting to Rs 11398 to the Municipality

II In proceedings No 2327/R 46 of 8/6/76, it was directed that the land revenue referred to in the order of 1875 be credited to the Cantonment & Town Municipal Commissions in equal shares from 1st April 1876 It was also directed that a sum of Rs 5000 be allotted out of the said additional income made over to the Municipality for the erection & maintenance of some useful institution for the requirements

III In proceedings No. 919-22/67 dt 26/5/83 the Bangalore Municipality was relieved of the cost (Rs. 26,578) of the police and in lieu thereof the marginal items of expenditure were transferred to the Municipality and in order to cover the difference of Rs 8767, the cash contributions from provincial funds of Rs. 3500 for the maintenance of suburban roads and of Rs. 5000 being the land revenue of cultivated lands within the Municipality were withheld on the score that the said item could not be administered by the Municipality. It was also directed in the said proceedings (Vide para 8 of the order of which a manuscript copy is put up) that the sum of Rs. 12,415 being the arrears of Cundayam of lands within municipal limits for the years 1876-77 to 1882-83 be set apart as a reserve fund for charitable purposes in accordance with the understanding on which the said item of revenue had been transferred to the Board.

IV. In proceedings No. 540-42/36 dt 23/4/84 (~~paper I — Ref. 1893-94 herewith submitted~~)

the two items of income withheld from the Municipality as stated in the preceding para were ordered to be continued ~~to be proceeded~~ owing to the actual expenditure under the 3 items transferred to the Municipality in lieu of the cost of the police, having come up to Rs. 25,000 instead of Rs. 17811 and having regard to the then limited Municipal income of the Town. ~~the two items of Land revenue and Contribution for suburban roads were ordered to be credited to the Municipality.~~ Under these orders, the land revenue of agricultural lands in the Bangalore Municipality ~~to~~ as being credited to Municipal funds up to date.

Sir

I have the honor to inform you that at a municipal meeting held at Sakrepatna on 20th instant, it was found that it was impossible to utilise the fort ditch, at present included in the village site, i.e., municipal limits, for building sites or other purposes, and as it can only be kept clear and free from scrub jungle at a very large expense, it was decided to demarcate the trench off into convenient plots and let it to cultivators under certain conditions, the land being assessed at the highest dry rates, as this was considered to be the most economical method of keeping the ditch clear.

2. I therefore request you will inform me whether the municipality are entitled to the assessment upon this land, or whether the land must be

be presumed to Government. I may mention that it is found impossible to fill in the trench which is about a mile in circumference and in places very deep.

No. 2749-56—R. 1092, DATED BANGALORE, 4TH OCTOBER 1898.

ORDER THEREON.—From the reports read above, it is observed that in some of the municipal towns in the districts, the fort ditches are cultivated with garden or other crops, the assessment leviable there n having been fixed by the Survey Department or by Deputy Commissioners. In the districts of Bangalore, Tumkur, Mysore and Kadur, the revenue realized from the lands in question is credited to "Land Revenue," while in the districts of Kolar, Chitaldrug and Hassan, it is credited in some municipal towns to "Land revenue and in others, *i. e.*, Chitaldrug, Arkalgud, Konanur and Sidlaghatta, to Municipal Funds. In the Shimoga district no cultivation is carried on in the fort ditches of any of the municipal towns.

2. Government observe that Non-Regulation Municipalities can enjoy only revenue specially assigned to them, that Land Revenue has not been so assigned to them, and that therefore it (Land revenue) does not belong to them. Government accordingly direct that the Land revenue be resumed wherever unauthorizedly enjoyed, as in the cases of Arkalgud and Konanur of the Hassan district, and Sidlaghatta of the Kolar district and the Municipality of Chitaldrug.

Order thereon :—

No 2749-56 dt 4.10.9
R 1092

From the reports read above, it is observed that in some of the Municipal Towns in the Districts, the foot ditches are cultivated

with garden or other crops, the assessment leviable thereon having been fixed by the Survey Department or by Deputy Commissioner. In the Districts of Bangalore Tumkur, Mysore and Kadur the revenue realized from the lands in question is credited to "Land Revenue", while in the Districts of Kolar, Chitaldroog and Hassan, it is credited in Some Municipal Towns to "Land Rev", and in others - i.e. Chitaldroog, Arkalgud and Konanur ~~in the Hassan Dt.~~ and Siddaghatta ~~in the Kolar District~~ to Municipal Funds. In the Shimoga District no cultivation is carried on in the foot defaces of any of the Municipal towns.

2. ~~In view to secure uniformity of practice in this matter the Govt~~

~~pleased to direct~~ desire that
as Non-Regulation Municipalities can enjoy only
Revenue Specially assigned
to them, ~~and as~~ that Land
Revenue has not been so
assigned to them, & that therefore it (Land
Revenue) does not ~~belong~~
belong to them ~~and should~~ but that land revenue
~~therefore~~ be resumed wherever
unauthorizedly enjoyed
as in the Cases of Arkal-
-gud and Konanur of the
Hassan Distrct and Siddlaghatta
of the Kolar District &
the Municipality of Chital-
-droog.
